

Cadbury Volunteer Awards – Category Descriptions & Judging Criteria

In all categories, the person nominated must be a “volunteer” – defined as someone who does not derive a significant source of income from the role that they fulfil. They may receive honorarium or expenses in completing the role that they are nominated for.

All nominees must be affiliated to a Centre.

Although many volunteers could qualify in more than one category the nomination may be for only one category each year.

It is acknowledged that many volunteers’ efforts are the result of several years of commitment and involvement, so a nomination may recognise the total contribution to Netball, over the last few years. A volunteer does not need to have been involved in Netball for a lifetime. They may have made a huge contribution over the last 12 months and that makes them equally worthy of nomination.
